

Student Charter

South Oceanside Road School #4

We the students of South Oceanside Road School #4 want to feel happy, excited, relaxed, educated, cheerful, confident, welcomed, optimistic, positive, gleeful, bubbly, loved, surprised, super, special, appreciated, safe, included, good about ourselves and treated fairly with respect. We want to learn new things. We want to feel comfortable when asking for help from a peer or an adult in school

In order for us to feel this way, we need to try and wake up with a smile, be kind, share, work together, be forgiving and friendly, use our manners, care and respect one another. We need to wave and say "hello," invite others to play, make each other laugh, give compliments, offer help, stick up for each other, be polite, play fair and treat others as we would like to be treated. We need to listen to one another and not hurt other people's feelings. We need to help others feel good about themselves. We need to bring positive energy to our school, be empathetic, look at the big picture and think outside of the box to have fun and enjoy school everyday.

If there is a problem, we will handle it ourselves, if we can. We will do our best to think before we speak, help others, and set a good example. We will try not to hide in our shells, but will be up-standers, talk it out, share how we are feeling, use our words, walk away, change the subject and take a meta-moment, take a deep breath, or ask a grown-up for help. We will not gossip. We will compromise, apologize and forgive each other. We will need to cooperate, share, support, encourage and care about one another. We will do our best to end conflicts quickly, so we can make the most of our day.

In order to make School #4, the best place we can, we will need to be kind, get along, be responsible for our things, take care of ourselves, take turns, include everyone, accept everyone's differences, play fair and be nice, be optimistic, follow the rules, avoid trouble, keep a good sense of humor, be considerate, respectful and polite. We will need to make new friends. We promise to work together in a peaceful manner. We will show good sportsmanship and volunteer to help. We will say something nice, thank you and do nice things for others. We will make this our home away from home.
